

Bunzl Supports Natural Disaster Appeals Program

The tragic events of Black Saturday in Victoria have touched the hearts of everyone at Bunzl. This terrible tragedy has affected the lives of all Australians; the loss of so many lives, homes, and livelihoods in such a manner is almost beyond belief.

The Bunzl team have rallied together to support those affected by the bushfires by personally donating \$15,000 to the Red Cross Victorian Bushfire Appeal. Through Bunzl's Community Support Program, the company is pleased to match this amount and donate a further \$15,000.00 to the cause. In addition to financial assistance, Bunzl has made several product donations valued at \$60,000. Products donated include items from the guest amenities range, safety wear, continence products and catering items.

Whilst fire has ravaged our southern state, the rains have pelted far north Queensland, flooding several townships causing widespread damage to homes and devastating communities. To assist residents and local businesses in the recovery process, Bunzl through its Community Support Program have also donated a further \$5,000 to the north Queensland Disaster Relief Appeal.

With the devastation that has swept through the state of Victoria and far north Queensland, Bunzl and it's people are committed to helping the victims of these communities to rebuild their townships, homes and lives.

Sincerely,

Bunzl Management
